

LOUISIANA CONNECTION

FRANCE

FOREIGN DIRECT INVESTMENT

French companies have shown great interest in Louisiana, with 10 projects invested since 2003. These projects represent a total capital investment of \$926.8 million, with a creation of 1,778 jobs.

Louisiana companies have also invested in France accounting for a creation of 34 new jobs and \$18.7 million in capital investment.

CASE STUDY

In December 2016, CMA CGM Group announced the Napoleon Avenue Container Terminal at the Port of New Orleans as their new vessel for a direct-to-Asia container service. CMA CGM is the world's third-largest container carrier and is based in Marseille, France. The direct weekly service to Asia will provide transit time of as little as 26 days from Asia, allowing container shipments to reach their destinations much sooner. This new connection between New Orleans will add capacity and reliability for Louisiana exporters and importers abroad.

"CMA CGM is proud to be expanding our presence in New Orleans, further showing our commitment to the Gulf Region, and Louisiana specifically. We look forward to continued growth in the region, and are pleased to be contributing to the evolution and development of this vital hub"

Marc Bourdon
President, CMA CGM America LLC

AIR TRAVEL: Given its location on the Gulf coast and at the mouth of the Mississippi River, Louisiana is poised for international business with transport options including six deepwater ports, six class one railroads, and two international airports.
